An important note about the T3 and Q4 columns:

For the remainder of the current school year, only grades earned subsequent to March 7 will be visible to parents and students in PowerSchool. This means that the grade that appears in the "Overall grade" box represents the cumulative grade from March 7 forward—it is not the overall grade for the year. In addition, for the remainder of this year, all courses will list a T3 (third trimester) grade and a Q4 (fourth quarter) grade. The T3 grade represents the cumulative grade from March 7; the Q4 grade represents the cumulative grade from March 30. While both grades appear in PowerSchool for all courses, T3 is the official marking period grade for year-long courses, and Q4 is the official marking period grade for semester-long courses.

Clicking the grade for a specific class that will be displayed in T3 or Q4 will pull up a Class Score Details screen – here you can see detailed information about each assignment.
